### C. Statistics

*We have no statistical data on this issue.*

#### **Main Channel of Transmission (Art. 3)**

#### **Requests for Service – Incoming**

- 9) The following questions relate to the number of requests for service *addressed to your State* under the Service Convention.
- a. Please complete the following table to indicate how many *incoming* requests for service the Central Authority(ies) of your State received in each of the past five years under the main channel of transmission. Please also note, if possible for each year, the country(ies) from which your State received the most requests for service.

<b>2003</b>	<b>2004</b>	<b>2005</b>	<b>2006</b>	<b>2007</b>
Number:	Number:	Number:	Number:	Number:
State(s):	State(s):	State(s):	State(s):	State(s):

- b. Of the total amount of requests for service received in 2007, please divide these depending on the method of service that was used by your State and complete the following table with respect to the time that lapsed between the Central Authority(ies) of your State receiving a request for service and the relevant authority of your State forwarding the Certificate of service to the applicant in the requesting State.

For example, if your State executed 12 requests for service using personal service and the entire process took less than two months in each case, please write the number "12" in the relevant box. The total amount of incoming requests for service that your State received in the past year should therefore equal the sum of the figures appearing in the sub-totals line below:

Method of service	Less than 2 months	Between 2 and 4 months	Between 4 and 6 months	Between 6 and 12 months	More than 12 months	Returned un-executed (Art. 13)	Cases currently pending
Formal service (Art. 5(1) a))							
Service by a particular method (Art. 5(1) b)) <sup>4</sup>							
Informal delivery (Art. 5(2))							
<b>Sub-totals:</b>							

### ***Requests for Service – Outgoing***

10) The following questions relate to the number of requests for service *sent by the forwarding authorities of your State* under the Service Convention. These questions are likely to require some consultation with the (main) forwarding authorities in your State that (may) have previously forwarded requests for service:

- a. Please complete the following table to indicate how many *outgoing* requests for service the forwarding authorities of your State have forwarded to Central Authorities of other States Parties in the past five years. If possible, please also note the country(ies) to which your State sent the most requests for service for each year listed below.

2003	2004	2005	2006	2007
Number:	Number:	Number:	Number:	Number:
State(s):	State(s):	State(s):	State(s):	State(s):

- b. Of the total amount of requests for service sent in 2007, please complete the following table with respect to the *time that lapsed* between the forwarding authority of your State sending a request for service and the applicant receiving the Certificate of Service from the requested State. Please also divide these depending on the method of service that was used in the requested State.

For example, if your State is made aware that six requests for service were sent from your State and the entire process took less than two months in each case, please write the number "6" in the relevant box. The total amount of outgoing requests for service that your State is aware were sent in the past year should therefore equal the sum of the figures appearing in the sub-totals line below:

<sup>4</sup> See Question 29) b. for an explanation as to the meaning of Art. 5(1) b) – please adopt that meaning to fill in the chart above, independently of your response to Question 29) b. (i).

Method of service	Less than 2 months	Between 2 and 4 months	Between 4 and 6 months	Between 6 and 12 months	More than 12 months	Returned un-executed (Art. 13)	Cases currently pending

For any areas that require improvement, please also indicate whether your State considers that solutions could be developed in specific *Conclusions and Recommendations* to be adopted by the next Special Commission or by specific comments in a new edition of the *Service Handbook* or if a *Protocol* to the Convention is needed.

### **III. The main channel of transmission**

#### **A. Forwarding Authority (Art. 3)**

27) In Conclusion and Recommendation No 49, the 2003 Special Commission advised that in case of doubt as to the competence of the forwarding authority, rather than rejecting the request for service, the authorities in the requested State should seek to confirm that competence by either consulting the HCCH website or by making informal enquiries, including by way of e-mail.

Has your State, as a requested State, experienced any difficulties in determining whether a specific forwarding authority was in fact a legitimate forwarding authority under the law of the requesting State?

## **B. Methods of service (Art. 5)**

- 29) Please complete:
- a. Formal service (Art. 5(1) a))
- (i) Please describe the methods of service prescribed by the domestic law of your State to effect formal service of documents upon persons who are within the territory of your State (Art. 5(1) a)):  
*The methods of service prescribed by domestic law-Civil Procedure Act. Documents shall be served by mail, or through a particular court officer or court employee, through the competent administrative body, a notary public or directly by the court or electronic channels, according to special law.*  
*In Republic of Croatia, the courts are responsible to serve documents on the addressees, not Ministry of Justice as central authority.*

- (ii) Please indicate the method(s) generally used by your State when service is requested under Article 5(1) *a*) and no preference has been indicated as to the manner in which service should be effected (*e.g.*, personal service, by post, etc. See also below Question 29) c. (ii) and (iii)). Please also indicate your State's reasons behind any such default choice:

b. Service by a particular method (Art. 5(1) *b*)

Pursuant to Article 5(1) *b*), service may be effected by a particular method requested by the applicant unless such a method is incompatible with the law of the requested State (requests for the use of a particular method are fairly rare in practice, see para. 132 of the Service Handbook). The purpose of this provision is to enable requests for a particular method of service *contemplated by the law of the requesting State* to be applied in the requested State so that the validity requirements for service in the requesting State are met. However, it appears that some forwarding authorities are systematically requesting that their request for service be executed under Article 5(1) *b*) even in circumstances where they intend to have service effected by a method that is recognised under the laws of the *requested* State (such as personal service). The Permanent Bureau believes that this practice is erroneous and that such a request should instead be made and specified under Article 5(1) *a*).

- (i) Does your State agree with the position of the Permanent Bureau that a request for a method of service that is recognised by the law of the requested State (such as personal service) may be specified and effected under Article 5(1) *a*) and that Article 5(1) *b*) serves a separate purpose?

YES

NO – please explain why:

- (ii) If relevant, please describe the particular methods of service which your forwarding authorities have requested other States to use under Article 5(1) *b*) and whether these particular methods have in fact been used to effect service:

- (iii) If relevant, please describe the particular methods of service by which your State has been requested to effect service under Article 5(1) *b*) and whether these particular methods have in fact been used to effect service:

c. Informal delivery (Art. 5(2))

**E. Modern Technologies**

33) In Conclusions and Recommendations Nos 60 to 62, the 2003 Special Commission noted that the Service Convention does not on its terms prevent or prescribe the use of modern technologies to assist in further improving the operation of the Convention and that States Parties should explore all ways in which they can use modern technology. In Conclusion and Recommendation No 63, a variety of steps were identified for the exploration and use of modern technologies: in

communications between a requesting party and a forwarding authority, in communications between a forwarding authority and a Central Authority of a requested State, and in the retransmission of the certificate of execution by the Central Authority or the designated authority (Art. 6). In light of these Conclusions, and in the context of the main channel of transmission, please comment on the following (see also below Part Three, Section II. C.):

- a. Does the law of your State, as a requesting State, allow for documents to be forwarded *from a requesting party to a forwarding authority* by fax, e-mail or a similar technology?

#### **IV. Alternative Channels of Transmission (Arts 8, 9, 10)**

##### **A. Translation requirements**

- 34) In Conclusion and Recommendation No 65, the 2003 Special Commission recognised that whilst no translation is required under the Service Convention for documents transmitted under the alternative channels of transmission, in isolated cases, translations are sometimes required in these circumstances by the domestic law of States. Does the domestic law of your State impose translation requirements on documents that are transmitted for service through an alternative channel of transmission?

NO

YES – please provide to the Permanent Bureau all relevant information pertaining to these internal legal requirements and to which alternative channel they relate. If this information is not in either French or English then a translation into one of these languages would be appreciated:

- 35) The Fourteenth Session of the HCCH (held in 1980) recommended that the part of the Model Form that contains the “Summary”, accompanied by the “Warning”, not only be used under the main channel of transmission but also under the alternative channels of transmission of the Service Convention (the Recommendation and the accompanying Report established by Gustaf Möller are available on the “Service Section” of the HCCH website (< [www.hcch.net](http://www.hcch.net) >). Please indicate whether the forwarding authorities in your State systematically send the “Summary” accompanied by the “Warning” when requests for service are sent abroad using an alternative channel of transmission.

NO – why not?

- 36) The Permanent Bureau approves and encourages the practice of certain States to return the Certificate to the applicant even if transmission of the request for service occurred via an alternative channel of transmission provided for in Article 10 *b)* and *c)* (see para. 119 of the Service Handbook). This practice may even be extended to Article 10 *a)*, depending on the postal mail service used in the State of destination. Is it a practice within your State, as a State of destination, to use the “Certificate” part of the Model Form and to transmit this to the applicant in the

State of origin when the transmission of the request for service occurred under one of the alternative channels of transmission contained within Article 10 *a)*, *b)* and *c)*?

YES, the Certificate is transmitted to the applicant when the transmission of the request for service occurred under Article 10 *a)* – please provide further details:

The receiving and forwarding of the request for service is always done through the Central Authority.

44) In Conclusion and Recommendation No 56, the 2003 Special Commission concluded that for the purposes of Article 10 a), the use of a private courier was the equivalent of using the postal channel under the Service Convention.

a. Does the law of your State, as a State of origin, allow for private courier services to be used under Article 10 a), *i.e.*, are judicial documents sent from your State for service abroad via private courier services:

*If your State does hold an opposition, please go to Question 47).*

*If your State does hold an opposition, please go to Question 49).*

- 48) Provided the application of Article 10 c) has not been objected to by your State, please answer the following:
- a. Which of the following would be considered to be “any person interested in a judicial proceeding” under the law of your State (please tick all relevant boxes):
    - Attorneys or solicitors
    - Bailiffs
    - Huissiers*
    - Process servers
    - Court officials
    - Notaries
    - Officials of the executive branch

How does this channel of transmission operate in practice – in particular is any person interested in a judicial proceedings able to send the judicial documents *directly* to the judicial officers, officials or other competent persons of the State of destination or does another channel have to be used?
  - c. Are there any costs associated with the use of this channel of transmission in your State, either in terms of sending or receiving judicial documents?

- [ ] YES – please specify the precise grounds upon which the(se) request(s) for service were rejected:
- [ ] NO

## VI. Protection of the interests of the Plaintiff and Defendant (Arts 15 and 16)

- 50) When a writ of summons or an equivalent document has been transmitted abroad for the purpose of service under the Service Convention, and the defendant has not appeared, Article 15(1) requires States not to give judgment unless certain requirements have been met. Nonetheless, and subject to States' declarations on this matter, a judge may give judgment if the conditions specified in Article 15(2) are fulfilled. One of these conditions is Article 15(2) c) which states that "no certificate *of any kind* has been received, even though every reasonable effort has been made to obtain it through the competent authorities of the State addressed" [emphasis added]. Please comment on the interpretation in your State of the expression "no certificate *of any kind*". In particular, would your State, as a requesting State, consider that the receipt of a certificate that stated that *no service* has occurred could nevertheless trigger the application of Article 15(2)?

- [  ] YES, the receipt of a certificate that states that no service has occurred may trigger the application of Article 15(2) (if all the other conditions are fulfilled).
- [ ] NO, the receipt of a certificate that states that no service has occurred may not trigger the application of Article 15(2) – please explain why:

*The Republic of Croatia declared that Croatian courts may render judgement if all conditions set out in paragraph 2 of Article 15 of the Convention are fulfilled.*

- 51) If a requesting State has made a declaration in accordance with Article 15(2) and considers that all conditions of Article 15(2) have been fulfilled and accordingly enters a default judgment, would your State, as a requested State, recognise and enforce the resulting judgment in these circumstances (assuming that all other conditions for the recognition and enforcement of the judgment are fulfilled)?

- [ ] YES
- [  ] NO – please indicate the grounds upon which your State would refuse to enforce a judgment in these circumstances:

*Croatian Conflict of Law Act prescribes that a court of the Republic of Croatia shall refuse to recognise the foreign judicial decision if, upon an objection of a person against whom the decision was rendered, it finds that this person was not able to take part in the proceedings due to procedural irregularities.*

*In particular, the person against whom the foreign judicial decision was rendered shall be deemed to have been unable to take part in the proceedings if any summons, statement of claim, or a ruling by which the proceedings were commenced was not served on him personally, or that no such service had been attempted, unless he has, in any way, entered into the proceedings on the merits.*

- 52) If your State has not made a declaration under Article 15(2), please explain:
- a. why your State has not made such a declaration:

- b. whether or not your State is assessing the possibility of making such a declaration:

53) If your State has *not* made a declaration under Article 15(2), what actions would a judge in your State take (as a requesting State) if your State has not received a certificate of service and the defendant has not appeared? For example, would the law of your State enable a judge to enter a default judgment, despite the absence of a declaration under Article 15(2)? Upon what grounds would such a judgment be made? If there were some evidence that service had actually been effected, would this change the options that may be available to a judge?

[ ] Not applicable (my State made a declaration under Art. 15(2))

54) If your State has not made a declaration under Article 16(3), please explain:

- a. why your State has not made a declaration:

- b. whether or not your State is assessing the possibility of making a declaration:

## VII. Date of service

55) The Service Convention does not include a provision that determines the date of service (*i.e.*, the precise moment when the documents have actually been or are deemed to have been served). As a result, it is for the domestic law of the State(s) involved to determine the date of service.

- a. How is the date of service of documents determined in your State:

(i) in relation with the execution of a request for service forwarded under the main channel of transmission (please also specify whether your State relies on the date mentioned under point 1 of the Certificate to determine the actual date of service)?

(ii) when one of the alternative channels of transmission has been used?

*Article 149 of Croatian Procedural Act regulates the date of delivery:*

*The certificate of service (acknowledgement of delivery) shall be signed by the recipient who shall also write on it the date of receipt. If the service is on a state body, legal person or physical person who performs a registered occupation the recipient shall place the seal of that body or person alongside the signature. The courier shall mark on the acknowledgement of delivery why no mark of a seal or stamp was placed on the acknowledgement of delivery when the communication was served on that body or person.*

*If the recipient is illiterate or unable to sign, the courier shall write his or her name and surname and date of receipt in letters, and make a remark about why the recipient did not put his or her signature.*

*If the recipient refuses to sign the acknowledgment of delivery, the courier shall indicate it on the acknowledgment of delivery and write in letters the date of delivery, and in that way it shall be deemed that the service was effected.*

*If the service is not effected on a state body or legal person, the courier shall request proof of identity from the person to whom the communication is given, if he/she does not know him/her personally.*

*The courier shall write on the acknowledgment of delivery the name and surname of the person to whom the communication was given and indicate that he/she knows the person to who he/she gave the communication personally, or the number of the document by which he/she established his/her identity and by whom it was issued.*

*A courier who is not a notary public shall indicate legibly on the acknowledgement of delivery his/her name and surname and capacity, and sign it.*

*If necessary the courier shall write written minutes of the service and enclose it with the acknowledgement of delivery.*

*When a communication of the court has been delivered to the person other than that on whom the communication of the court was supposed to be served, the courier shall indicate on the acknowledgment of delivery the relationship between those two persons.*

*If the date of receipt has been wrongly indicated on the acknowledgment of delivery, it shall be deemed that the service was effected on the day when the communication of the court was delivered.*

*If the acknowledgment of delivery is missing, service may be proved in other ways.*

- b. When the law of your State requires that documents be served within a specific period, does the law of your State also provide effective means to protect the interests of the applicant when the documents have to be served abroad and are thus subject to the effective operation of authorities or professionals abroad (e.g., does the law of your State provide for extended periods of service or for fictitious dates of service based on the date when the documents are sent or ready to be sent abroad, etc.; see Conclusion and Recommendation No 75 of the 2003 Special Commission)?

YES – please specify:

NO

- c. Has the absence of an explicit rule on the date of service in the Convention caused any practical difficulties in your State?

YES – please specify:

NO

## PART THREE – OTHER OPERATIONAL ISSUES

### I. Model Form annexed to the Service Convention

#### A. Fillable PDF versions of the Model Form

- 56) The Permanent Bureau has made the Model Form annexed to the Convention available as a fillable PDF document on the HCCH website. This fillable version of the Model Form is currently available in English, French and in two trilingual versions (English / French / Ukrainian and English / French / Russian). These fillable forms have proven to be very useful. The Permanent Bureau would be pleased to make available other trilingual Model Forms in the same format (English / French / one of the official languages of a State Party). States that are interested in producing a Model Form with (one of) their official language(s) available as fillable PDF documents are invited to send to the Permanent Bureau a document in MS-Word with the text of the Model Form in the relevant official language. The Permanent Bureau will then create the fillable version and upload it onto the HCCH website.

Please feel free to comment further on the above:

YES

NO – why not?

### C. Certificate (Art. 6)

59) Article 6(4) indicates that the Certificate shall be “forwarded directly to the *applicant*” [emphasis added]. YES

NO – to whom then do(es) the Central Authority(ies) of your State or the authority designated for this purpose forward the Certificate:

The plaintiff in the proceedings
