

FYR of Macedonia (revised)
PART ONE – GENERAL INFORMATION AND STATISTICS

I. Questions for non-Contracting States

1) Please indicate why your State is not a Contracting State to the Service Convention (select as many answers as are relevant):

The availability of possibilities for transmission of documents for service abroad, proof of service abroad and protection of the interests of plaintiffs and defendants under domestic law, bilateral or regional agreements, treaties or instruments means that so far it has not appeared to your authorities that there would be added value in becoming a Party to the Service Convention

The number of cross-border cases that require the service abroad of judicial or extrajudicial documents has so far been limited and has not required a global framework

There are legal obstacles in your domestic legal system that prevent your State from becoming a party to the Convention – if so, please specify what these are:

Your State considers that there are specific issues arising out of the Service Convention (*e.g.*, costs, the absence of specific deadlines for the transmission and execution of requests for service, the absence of a specific provision on how to determine the date of service, the need, where requested, to translate documents to be served in accordance with Art. 5(3), etc.) which dissuade your State from joining the Service Convention – please explain:

Your State does not have the means or resources to properly implement the Service Convention

The question of becoming a Party to the Convention has never been examined in detail

Other reason – please explain:

The process of acceding to the Service Convention is on going. The Assembly of the Republic of Macedonia ratified the Service Convention on 27 of august 2008 in order for Republic of Macedonia to accede to the Service Convention. The instrument of accession has not yet been deposited to the Ministry of Foreign Affairs of the Netherlands, but that will be probably done very soon.

- 2) Please forward a list of any bilateral or regional agreements, treaties or instruments to which your State is a party and that provide rules for the transmission of documents to be served abroad, for proof of service, and for the protection of the interests of plaintiffs and defendants:

These is the list of bilateral agreements to which Republic of Macedonia is a party and that provide rules for the transmission of documents to be served abroad, for proof of service, and for the protection of the interests of plaintiffs and defendants:

- 1. Agreement between Republic of Macedonia and Croatia on Legal Assistance in Civil and Criminal Matters (Skopje, 02. September 1994); entered into force on 26.05.1995.*
- 2. Agreement between Republic of Macedonia and Slovenia on Legal Assistance in Civil and Criminal Matters (Skopje, 06. February 1996); entered into force on 05.09.1997.*
- 3. Agreement between Macedonian Government and Albanian Government on Legal Assistance in Civil and Criminal Matters (Skopje, 15. January 1998); entered into force on 02.10.1998.*

- 7. Agreement between Republic of Macedonia and Romania on Mutual Legal Assistance in Civil Matters (Bucurest, 12November 2003); entered into force on 10.03.2007.*
- 8. Agreement on Legal Assistance in Civil and Criminal Matters between Republic of Macedonia and Serbia and Montenegro; entered into force on 09.03.2005.*
- 9. Cooperation Protocol between the Ministry of Justice of Republic of Macedonia and the Ministry of Justice of Serbia (signed on 29.09.2004); ; entered into force on the same day.*
- 10. Agreement between Republic of Macedonia and Bosnia and Herzegovina on Legal Assistance in Civil and Criminal Matters (Skopje, 13. September 1995); entered into force on 02.03.2007.*

3) Is your State currently studying the Service Convention or does your State envisage studying it with a view to becoming a State Party in the near future?

YES – please specify (status of considerations in your State, etc.):

See the answer of the first 1) question.

So far in the Republic of Macedonia the Sector for International Legal Assistance within the Ministry of Justice is responsible for acting upon cases regarding the overall legal assistance including transmission of documents for service abroad, as well as bilateral or regional agreements, treaties or instruments in this field in both criminal and civil matters. The new systematisation from June 2007 in the Sector for International Legal Assistance within the Ministry of Justice provides two units, Unit for Extradition and Transfer and Unit for Proceeding Appeals on Civil and Criminal Matters. In the following period the harmonisation of the legal framework in the field of judicial cooperation in civil and criminal matters will continue with:

- Ratification of the Convention from 29 May 1993 on Protection of Children and Co-operation in respect of Inter country Adoption
- Ratification of the Hague Convention from 18 March 1970 on Taking of Evidence Abroad in Civil, or Commercial Matters
- Ratification of the Hague Convention from 19 October 1996 on Jurisdiction, Applicable law, Recognition, Enforcement and Cooperation in respect of Parental Responsibility and Measures for the Protection of Children
- **Ratification of the Convention from 15 November 1965 on the Service Abroad of Judicial and Extrajudicial Documents in Civil or Commercial Matters**
- An Analysis of the European Convention from Strasbourg 15 May 2003 for Contact with Children (CETS 192) is foreseen, as well as the needs for its harmonisation with the national legislation;

And, after these measures have been taken the Republic of Macedonia will have the full capacity to operate in accordance with the international law standards in this field.

C. Statistics

Main Channel of Transmission (Art. 3)

Requests for Service – Incoming

9) The following questions relate to the number of requests for service *addressed to your State* under the Service Convention.

- a. Please complete the following table to indicate how many *incoming* requests for service the Central Authority(ies) of your State received in each of the past five years under the main channel of transmission. Please also note, if possible for each year, the country(ies) from which your State received the most requests for service.

Number:	Number:	Number:	Number:	Number:
State(s):	State(s):	State(s):	State(s):	State(s):

- b. Of the total amount of requests for service received in 2007, please divide these depending on the method of service that was used by your State and complete the following table with respect to the time that lapsed between the Central Authority(ies) of your State receiving a request for service and the relevant authority of your State forwarding the Certificate of service to the applicant in the requesting State.

For example, if your State executed 12 requests for service using personal service and the entire process took less than two months in each case, please write the number "12" in the relevant box. The total amount of incoming requests for service that your State received in the past year should therefore equal the sum of the figures appearing in the sub-totals line below:

Method of service	Less than 2 months	Between 2 and 4 months	Between 4 and 6 months	Between 6 and 12 months	More than 12 months	Returned un-executed (Art. 13)	Cases currently pending

Requests for Service – Outgoing

10) The following questions relate to the number of requests for service *sent by the forwarding authorities of your State* under the Service Convention. These questions are likely to require some consultation with the (main) forwarding authorities in your State that (may) have previously forwarded requests for service:

- a. Please complete the following table to indicate how many *outgoing* requests for service the forwarding authorities of your State have forwarded to Central Authorities of other States Parties in the past five years. If possible, please also note the country(ies) to which your State sent the most requests for service for each year listed below.

Number:	Number:	Number:	Number:	Number:
State(s):	State(s):	State(s):	State(s):	State(s):

- b. Of the total amount of requests for service sent in 2007, please complete the following table with respect to the *time that lapsed* between the forwarding authority of your State sending a request for service and the applicant receiving the Certificate of Service from the requested State. Please also divide these depending on the method of service that was used in the requested State.

For example, if your State is made aware that six requests for service were sent from your State and the entire process took less than two months in each case, please write the number "6" in the relevant box. The total amount of outgoing requests for service that your State is aware were sent in the past year should therefore equal the sum of the figures appearing in the sub-totals line below:

A. Forwarding Authority (Art. 3)

27) In Conclusion and Recommendation No 49, the 2003 Special Commission advised that in case of doubt as to the competence of the forwarding authority, rather than rejecting the request for service, the authorities in the requested State should seek to confirm that competence by either consulting the HCCH website or by making informal enquiries, including by way of e-mail.

- NO

See also Question 33) regarding the use of modern technologies, in particular sub-questions b. and c.

B. Methods of service (Art. 5)

29) Please complete:

a. Formal service (Art. 5(1) a))

(i) Please describe the methods of service prescribed by the domestic law of your State to effect formal service of documents upon persons who are within the territory of your State (Art. 5(1) a)):

(ii) Please indicate the method(s) generally used by your State when service is requested under Article 5(1) a) and no preference has been indicated as to the manner in which service should be effected (*e.g.*, personal service, by post, etc. See also below Question 29) c. (ii) and (iii)). Please also indicate your State's reasons behind any such default choice:

b. Service by a particular method (Art. 5(1) *b*)

Pursuant to Article 5(1) *b*, service may be effected by a particular method requested by the applicant unless such a method is incompatible with the law

of the requested State (requests for the use of a particular method are fairly rare in practice, see para. 132 of the Service Handbook). The purpose of this provision is to enable requests for a particular method of service *contemplated by the law of the requesting State* to be applied in the requested State so that the validity requirements for service in the requesting State are met. However, it appears that some forwarding authorities are systematically requesting that their request for service be executed under Article 5(1) *b*) even in circumstances where they intend to have service effected by a method that is recognised under the laws of the *requested* State (such as personal service). The Permanent Bureau believes that this practice is erroneous and that such a request should instead be made and specified under Article 5(1) *a*).

- (i) Does your State agree with the position of the Permanent Bureau that a request for a method of service that is recognised by the law of the requested State (such as personal service) may be specified and effected under Article 5(1) *a*) and that Article 5(1) *b*) serves a separate purpose?

YES

NO – please explain why:

- (ii) If relevant, please describe the particular methods of service which your forwarding authorities have requested other States to use under Article 5(1) *b*) and whether these particular methods have in fact been used to effect service:

- (iii) If relevant, please describe the particular methods of service by which your State has been requested to effect service under Article 5(1) *b*) and whether these particular methods have in fact been used to effect service:

c. Informal delivery (Art. 5(2))

- (i) Does the law of your State provide for *informal delivery* of documents (understood to be a method of service where the documents to be served are delivered to an addressee who accepts them voluntarily)?

YES – please describe how service of documents via informal delivery is made in your State (Art. 5(2)):

NO

- (ii) As a matter of practice, does your State systematically attempt service of process by informal delivery if and when no particular method of service has been requested under Article 5(1) *a*) or *b*)?

YES

NO

- (iii) As a matter of practice, does your State systematically attempt service of documents via a *formal* method of service when informal delivery has proven to be unsuccessful?

YES – please specify if your State imposes any additional requirements before such formal service will be attempted

(*e.g.*, a translation):

[] NO

C. Translation requirements (Art. 5(3))

30) Please indicate if your State, as a requested State, imposes any language or translation requirements for documents to be served in your State under Article 5(1) (see Conclusions and Recommendations Nos 67 and 68 of the 2003 Special Commission):

- NO requirements
- YES – please indicate what these requirements are, in each of the following set of circumstances:
 - a. Formal service (Art. 5(1) *a*):

In circumstances where the / a Central Authority of your State, as a requested State, is in a position to assess the content and nature of the request for service based on the “Summary” section of the Model Form and where there is evidence that the addressee is fluent in the language in which the document to be served is written. Would your State then still insist, under Article 5(1) *a*), that the document be translated into another language (*i.e.*, one of the official languages of your State)?

YES – please indicate why:

NO

- b. Particular method requested by the applicant (Art. 5(1) *b*):

In circumstances where the / a Central Authority of your State, as a requested State, is in a position to assess the content and nature of the request for service based on the “Summary” section of the Model Form and where there is evidence that the addressee is fluent in the language in which the document to be served is written. Would your State then still insist, under Article 5(1) *b*) that the document be translated into another language (*i.e.*, one of the official languages of your State)?

YES – please indicate why:

NO

- c. Informal delivery (Art. 5(2)):

NO translation requirement for informal delivery

31) The Service Convention does not state how any translation of the documents to be served under Article 5(1) should be prepared or who should prepare it. According to your State, which law determines these issues?

- The domestic law of the requesting State
- The domestic law of the requested State
- Both laws

Please specify / comment if needed:

D. Costs (Art. 12)

32) Please indicate the costs incurred (if any) for each of the following methods of service under the law of your State (as a requested State) in accordance with Articles 5 and 12:

(i) Who bears these costs?

Your State (requested State)

The applicant / forwarding authority / requesting State – please explain whether or not service will only be effected in your State, as the requested State, only once any costs have been reimbursed. Also, please explain the modalities of any reimbursement (to whom the costs are reimbursed (relevant Competent Authority of your State, judicial officer, other person, etc.), and how the reimbursement is effected (electronic bank transfers, cheques, etc.))

b. Particular method requested by the applicant (Art. 5(1) b)):

VI. Protection of the interests of the Plaintiff and Defendant (Arts 15 and 16)

50) When a writ of summons or an equivalent document has been transmitted abroad for the purpose of service under the Service Convention, and the defendant has not appeared, Article 15(1) requires States not to give judgment unless certain requirements have been met. Nonetheless, and subject to States' declarations on this matter, a judge may give judgment if the conditions specified in Article 15(2) are fulfilled. One of these conditions is Article 15(2) c) which states that "no certificate *of any kind* has been received, even though every reasonable effort has been made to obtain it through the competent authorities of the State addressed" [emphasis added]. Please comment on the interpretation in your State of the expression "no certificate *of any kind*". In particular, would your State, as a requesting State, consider that the receipt of a certificate that stated that *no service* has occurred could nevertheless trigger the application of Article 15(2)?

YES, the receipt of a certificate that states that no service has occurred may trigger the application of Article 15(2) (if all the other conditions are fulfilled).

NO, the receipt of a certificate that states that no service has occurred may not trigger the application of Article 15(2) – please explain why:

51) If a requesting State has made a declaration in accordance with Article 15(2) and considers that all conditions of Article 15(2) have been fulfilled and accordingly enters a default judgment, would your State, as a requested State, recognise and enforce the resulting judgment in these circumstances (assuming that all other conditions for the recognition and enforcement of the judgment are fulfilled)?

YES

52) If your State has not made a declaration under Article 15(2), please explain:

Not applicable (my State made a declaration under Art. 15(2))

54) If your State has not made a declaration under Article 16(3), please explain:

- a. why your State has not made a declaration:
- b. whether or not your State is assessing the possibility of making a declaration:

VII. Date of service

55) The Service Convention does not include a provision that determines the date of service (*i.e.*, the precise moment when the documents have actually been or are deemed to have been served). As a result, it is for the domestic law of the State(s) involved to determine the date of service.

- a. How is the date of service of documents determined in your State:
 - (i) in relation with the execution of a request for service forwarded under the main channel of transmission (please also specify whether your State relies on the date mentioned under point 1 of the Certificate to determine the actual date of service)?
 - (ii) when one of the alternative channels of transmission has been used?
- b. When the law of your State requires that documents be served within a specific period, does the law of your State also provide effective means to protect the interests of the applicant when the documents have to be served abroad and are thus subject to the effective operation of authorities or professionals abroad (*e.g.*, does the law of your State provide for extended periods of service or for fictitious dates of service based on the date when the documents are sent or ready to be sent abroad, etc.; see Conclusion and Recommendation No 75 of the 2003 Special Commission)?

YES – please specify:

NO

- c. Has the absence of an explicit rule on the date of service in the Convention caused any practical difficulties in your State?

YES – please specify:

NO

PART THREE – OTHER OPERATIONAL ISSUES

I. Model Form annexed to the Service Convention

A. Fillable PDF versions of the Model Form

56) The Permanent Bureau has made the Model Form annexed to the Convention available as a fillable PDF document on the HCCH website. This fillable version of the Model Form is currently available in English, French and in two trilingual versions (English / French / Ukrainian and English / French / Russian). These fillable forms have proven to be very useful. The Permanent Bureau would be pleased to make available other trilingual Model Forms in the same format (English / French / one of the official languages of a State Party). States that are interested in producing a Model Form with (one of) their official language(s) available as fillable PDF documents are invited to send to the Permanent Bureau a document in MS-Word with the text of the Model Form in the relevant official language. The Permanent Bureau will then create the fillable version and upload it onto the HCCH website.

Please feel free to comment further on the above:

Republic of Macedonia is interested in producing a Model Form, with the Macedonian language as official language of the state, which would be available as a fillable PDF document on the HCCH website. This is for the purpose of making the Model Form available for everyone interested, especially because after the Convention enters into force for Republic of Macedonia the Model Form will be a necessity for the service abroad of judicial and extrajudicial documents. We will send the text of the Model Form in Macedonian attached to this e-mail as PDF document.

B. Request Form (Art. 3)

57) The first box on the Model Form asks for the “[i]dentity and address of the *applicant*” [emphasis added]. The Permanent Bureau’s interpretation of the word “applicant” is that it refers to the *forwarding authority* referred to in Article 3(1) (see Service Handbook, paras 112-114). Does your State agree with this interpretation?

YES

NO – what then is the interpretation of this word in your State?

The plaintiff in the proceedings

Counsel representing the plaintiff (if different from the forwarding authority)

The court where the proceeding is taking place in the requesting State

Other – please specify:

58) In Conclusion and Recommendation No 48, the 2003 Special Commission unanimously approved the suggestion that the information regarding the forwarding authorities and their competences be included in the Model Form. Does your State systematically follow this Conclusion and Recommendation when sending a request for service?

YES

NO – why not?

Once the Model Form is used when sending a request for service this Recommendation will be fully considered by the forwarding authority.

C. Certificate (Art. 6)

59) Article 6(4) indicates that the Certificate shall be "forwarded directly to the applicant" [emphasis added]. The Permanent Bureau's interpretation of the word "applicant" is again that it refers to the *forwarding authority* referred to in Article 3(1). Does your State agree with this interpretation?

YES

NO – to whom then do(es) the Central Authority(ies) of your State or the authority designated for this purpose forward the Certificate:

The plaintiff in the proceedings

Counsel representing the plaintiff (if different from the forwarding authority)

The court where the proceedings are taking place in the requesting State

The nearest Embassy representing the requesting State

Other – please specify:

II. E-service

A. In strictly domestic situations

60) Does the law of your State, in strictly domestic situations, allow for documents to be served by fax, e-mail, SMS, the posting of a message on a website, or by a similar modern technology?

NO – are there plans to introduce service by using such technologies?

YES – please specify:

NO

YES – please specify:

a. the legal framework and practical circumstances in which such technologies may be used (please describe for each if necessary):

Law on amending the Law on Civil Procedure Official Gazette of the Republic of Macedonia No. 110 from 02.09.2008. allows for documents to be served by e-mail.

b. whether a secured transmission has to be used for any / each of these technologies, and if so, which kind of secured transmission is used in practice:

Service of documents by e-mail is done by secured transmission thru the judicial IT system to the addressee's secured inbox. This is yet to be done in practice when the application of the above mentioned Law will begin.

c. if and how service upon the addressee is acknowledged or proven in such circumstances:

The service upon the addressee is acknowledged or proven when there is a return signal and certificate electronically signed with his electronic signature.

B. In cross-border situations outside of the Service Convention

61) Have the relevant authorities of your State served documents by fax, e-mail, SMS, the posting of a message on a website or by a similar modern technology in cross-border situations that did not fall within the scope of the Service Convention?

YES – please specify:

a. the legal framework and practical circumstances in which this occurred – in particular, whether the terms of a regional or bilateral instrument provided for or otherwise allowed this (please describe for each if necessary):

b. whether a secured transmission has to be used for any / each of these technologies, and if so, which kind of secured transmission is used in practice:

c. if and how service upon the addressee was acknowledged or proven in such circumstances:

NO No such cases are known in practice.

C. E-service and the main channel of transmission under the Service Convention

62) Has the / a Central Authority of your State received requests for service that expressly asked for documents to be served by fax, e-mail, SMS, the posting of a message on a website or by a similar modern technology?

NO – please indicate how the Central Authority would respond if it were to receive such requests:

So far there isn't appropriate legal framework for using such technologies for purpose of service of documents abroad, fax is used only in order to resolve possible issues among authorities and / or persons (that requested a service of documents) but to officialise the fax communication written document follow up is required, sent thru the postal channels. This would be probably the case if there were such requests.

YES

a. From which State(s) did these requests emanate?

b. Did the requests for service provide any particular circumstances or explanations as to why the execution of using such technologies was requested?

YES – what were these circumstances or explanations? (please tick all relevant boxes)

Urgency

Failure of previous attempts to serve process by traditional means

Use of such technologies approved by judicial authority of the forum or the domestic law of the forum

All parties involved gave their (prior or subsequent) consent

Other – please specify:

NO

c. Did your State in fact execute any of these requests for service by using any of these modern technologies?

NO – why not?

YES – please specify:

(i) the legal basis upon which these requests for service were executed:

(ii) whether a secured transmission was used or required or requested to be used, and if so, which kind:

(iii) if and how service upon the addressee was acknowledged or proven in such circumstances:

63) Has your State, as a requesting State under the Service Convention, sent requests for service abroad that expressly asked for documents to be served by fax, e-mail, SMS, the posting of a message on a website or by using a similar modern technology?

NO

YES

a. To which State(s) were these requests sent?

b. Did the requests for service provide any particular circumstances or otherwise provide explanations as to why the execution of service using such technologies was requested?

YES – what were these circumstances or explanations?
(please tick all relevant boxes)

Urgency

Failure of previous attempts to serve process by traditional means

Use of such technologies approved by the relevant judicial authority or the domestic law of your State

All parties involved gave their (prior or subsequent) consent

Others – please specify:

NO

c. Were these requests for service in fact executed by using any of these modern technologies?

YES

NO – please provide any information you may have as to why these requests were not executed:

64) How likely is it that your State would recognise and execute a foreign judgment if the related writ of summons was served abroad by fax, e-mail, SMS, the posting of a message on a website or by using a similar modern technology (all other conditions for recognition being of course fulfilled)?

Very likely

Likely

Very unlikely

It depends on the technology used – please indicate which modern technology method of service your State would accept:

65) How likely is it that your State would recognise and enforce an agreement made by parties to a contract to the effect that they agree in advance to serve documents by fax, e-mail, SMS, the posting of a message on a website or by using a similar modern technology?

Very likely

Likely

Very unlikely

Please explain / comment:

There isn't appropriate legal ground neither for recognising and enforcing such agreement nor for not doing so. In this case if the contracting parties can prove that the usage of the technologies that they agree on is efficient and secured the State would take positive actions if not, negative reaction could be expected.

D. E-service and the alternative channels of transmission under the Service Convention

see a.

d. The posting of a message on a website

YES

NO

Comments:

see b.

E. Miscellaneous

67) Have there been any other recent developments in your State in relation to the service of documents by fax, e-mail, SMS, the posting of a message on a website or by using a similar modern technology (including in situations

involving one of the alternative channels of transmission under the Service Convention where applicable)? Please describe below and provide the citations for and / or a copy of any relevant decision or article in this regard (if this information is not in English or French, a summary into one of these languages would be appreciated):

No such developments have been made so far.

68) In Conclusions and Recommendations Nos 60 to 62, the 2003 Special Commission noted, amongst other matters, that the Service Convention does not on its terms prevent or prescribe the use of modern technologies to assist in further improving its operation and that States Parties to the Service Convention should explore all ways in which they could use modern technology. Does your State think that the use of modern technologies under the Service Convention should be further encouraged by the adoption of:

a. Specific Conclusions and Recommendations to that effect by the 2009 Special Commission

YES

NO

Comments:

Only for the purpose to give time and to provide general guidance for the states to prepare themselves for the following Protocol.

b. A Protocol to the Service Convention:

YES

NO

Comments:

After the previous Recommendations and Conclusions take effect a Protocol should be adopted for obligatory use of modern technologies.

Thank you!
