**QUESTIONNAIRE ON ACCREDITED BODIES IN THE FRAMEWORK OF THE
HAGUE CONVENTION OF 29 MAY 1993 ON PROTECTION
OF CHILDREN AND CO-OPERATION IN RESPECT
OF INTERCOUNTRY ADOPTION**

drawn up by the Permanent Bureau

Introduction

The Permanent Bureau is undertaking preparations for the Third Special Commission Meeting to review the practical operation of the *Hague Convention of 29 May 1993 on Protection of Children and Co-operation in Respect of Intercountry Adoption* (1993 Hague Convention), which is to be held in The Hague in June 2010. It is intended that the Special Commission will provide the opportunity for State Parties to the Convention (as well as States which are considering or preparing for ratification or accession) to exchange information and experiences on the operation of the Convention, to compare practices, and to discuss any difficulties in respect of the implementation and practical operation of the Convention.

Following the recommendations of the 2005 Special Commission, and based on the Discussion Paper on Accreditation Issues,¹ the Permanent Bureau is gathering information for a new Guide to Good Practice on Accreditation. The following Questionnaire has been developed for this purpose. Your responses to this Questionnaire will be an invaluable source of information for us in developing the new Guide.

As you know, in many countries, accredited bodies perform the functions of Central Authorities in relation to particular adoptions under the 1993 Hague Convention. The process of accreditation of bodies is one of the Convention's safeguards to protect children during the adoption process. The Convention requires that accredited bodies be not for profit, staffed by qualified and experienced personnel and be subject to supervision by competent authorities (Art. 11). Basic standards are imposed by the Convention to guide the accreditation process. It is implicit in the Convention that States will develop their own accreditation criteria, based on Convention objects and standards and expanded as necessary to meet the requirements of the individual State. The new Guide will include a set of model accreditation criteria.

In addition, according to Article 12, bodies accredited in one State and wishing to operate in another State must be specifically authorised to do so by the competent authority of both States (the accrediting State and the State of operation). In order to clear up some misunderstandings, the new Guide will explain the differences between accreditation and authorisation.

This Questionnaire is addressed to Member States of the Hague Conference and Contracting States to the 1993 Hague Convention. Obviously, it is understood that some questions can only be readily answered by Contracting States. It is also understood that some questions are more relevant to States of origin than to receiving States and vice versa.

As regards all other States which are not yet Party to the Convention, as well as certain intergovernmental organisations and non-governmental international organisations which have also been invited to Special Commissions as Observers, we would welcome from them any comments in respect of any items in the Questionnaire which are considered relevant.

We intend, except where expressly asked not to do so, to place all replies to the Questionnaire on the Hague Conference website. We would therefore request that replies be sent to the Permanent Bureau, if possible by e-mail, to: **secretariat@hcch.net**.

*We would be very grateful for your co-operation in this exercise, and we hope that you will be able to send us your replies to this Questionnaire **by 30 September 2009**.*

USE OF TERMINOLOGY

There are three situations in which accreditation and authorization (as used in the Convention) may occur. A distinction is to be made between "accreditation" and "authorisation":

- (1) adoption bodies are accredited in the receiving State to work in States of origin (Arts 10, 11) (1993 Hague Convention terminology: **accreditation**);
- (2) those adoption accredited bodies of receiving States are granted authorisation in the State of origin with a view to arranging the adoption (Art. 12) (1993 Hague Convention terminology: **authorisation**);
- (3) bodies in the State of origin are accredited by it to work with foreign bodies of the receiving State with a view to adoption (Arts 10, 11) (1993 Hague Convention terminology: **accreditation**).

NB: FOR STATES OF ORIGIN, PLEASE MAKE IT CLEAR IN YOUR ANSWERS IF YOU ARE REFERRING TO YOUR OWN ACCREDITED BODIES OR TO FOREIGN ACCREDITED BODIES WORKING IN YOUR STATE.

A. General policy issues concerning accreditation

1. In your State what terminology do you use for the situations described in (1), (2) and (3) above? Is it the same or different? If different, please specify, define and indicate if you intend to use your own terminology to answer the following questions.

If your State has decided not to use accredited bodies, please explain the reasons and indicate what has influenced the decision. Please answer any questions that are relevant to your State's situation.

According to the Section 19a par. 2 of the Czech Act on the Socio-Legal Protection of Children "... No other body, legal entity or natural person other than the socio-legal protection bodies listed in Article 4 paragraph 1 may arrange adoptions and

³ The term "non-accredited person" was used in the Explanatory Report of Professor Parra-Aranguren to refer to the person in Art. 22(2). Some countries now employ the term "approved person" when referring to person in Art. 22(2). However, the 2005 Questionnaire responses revealed enormous confusion when the term "approved persons" was used. Consequently, the Guide to Good Practice has followed the usage of the Explanatory Report to try to improve the public's understanding of the functions of these particular persons. The term "approved (non-accredited) person" is a compromise to retain the precision of the Explanatory Report, but recognises the usage by some countries of the term "approved person".
